DIANOCHE

Modular system

Second generation, catalogue 2026

DIANOCHE

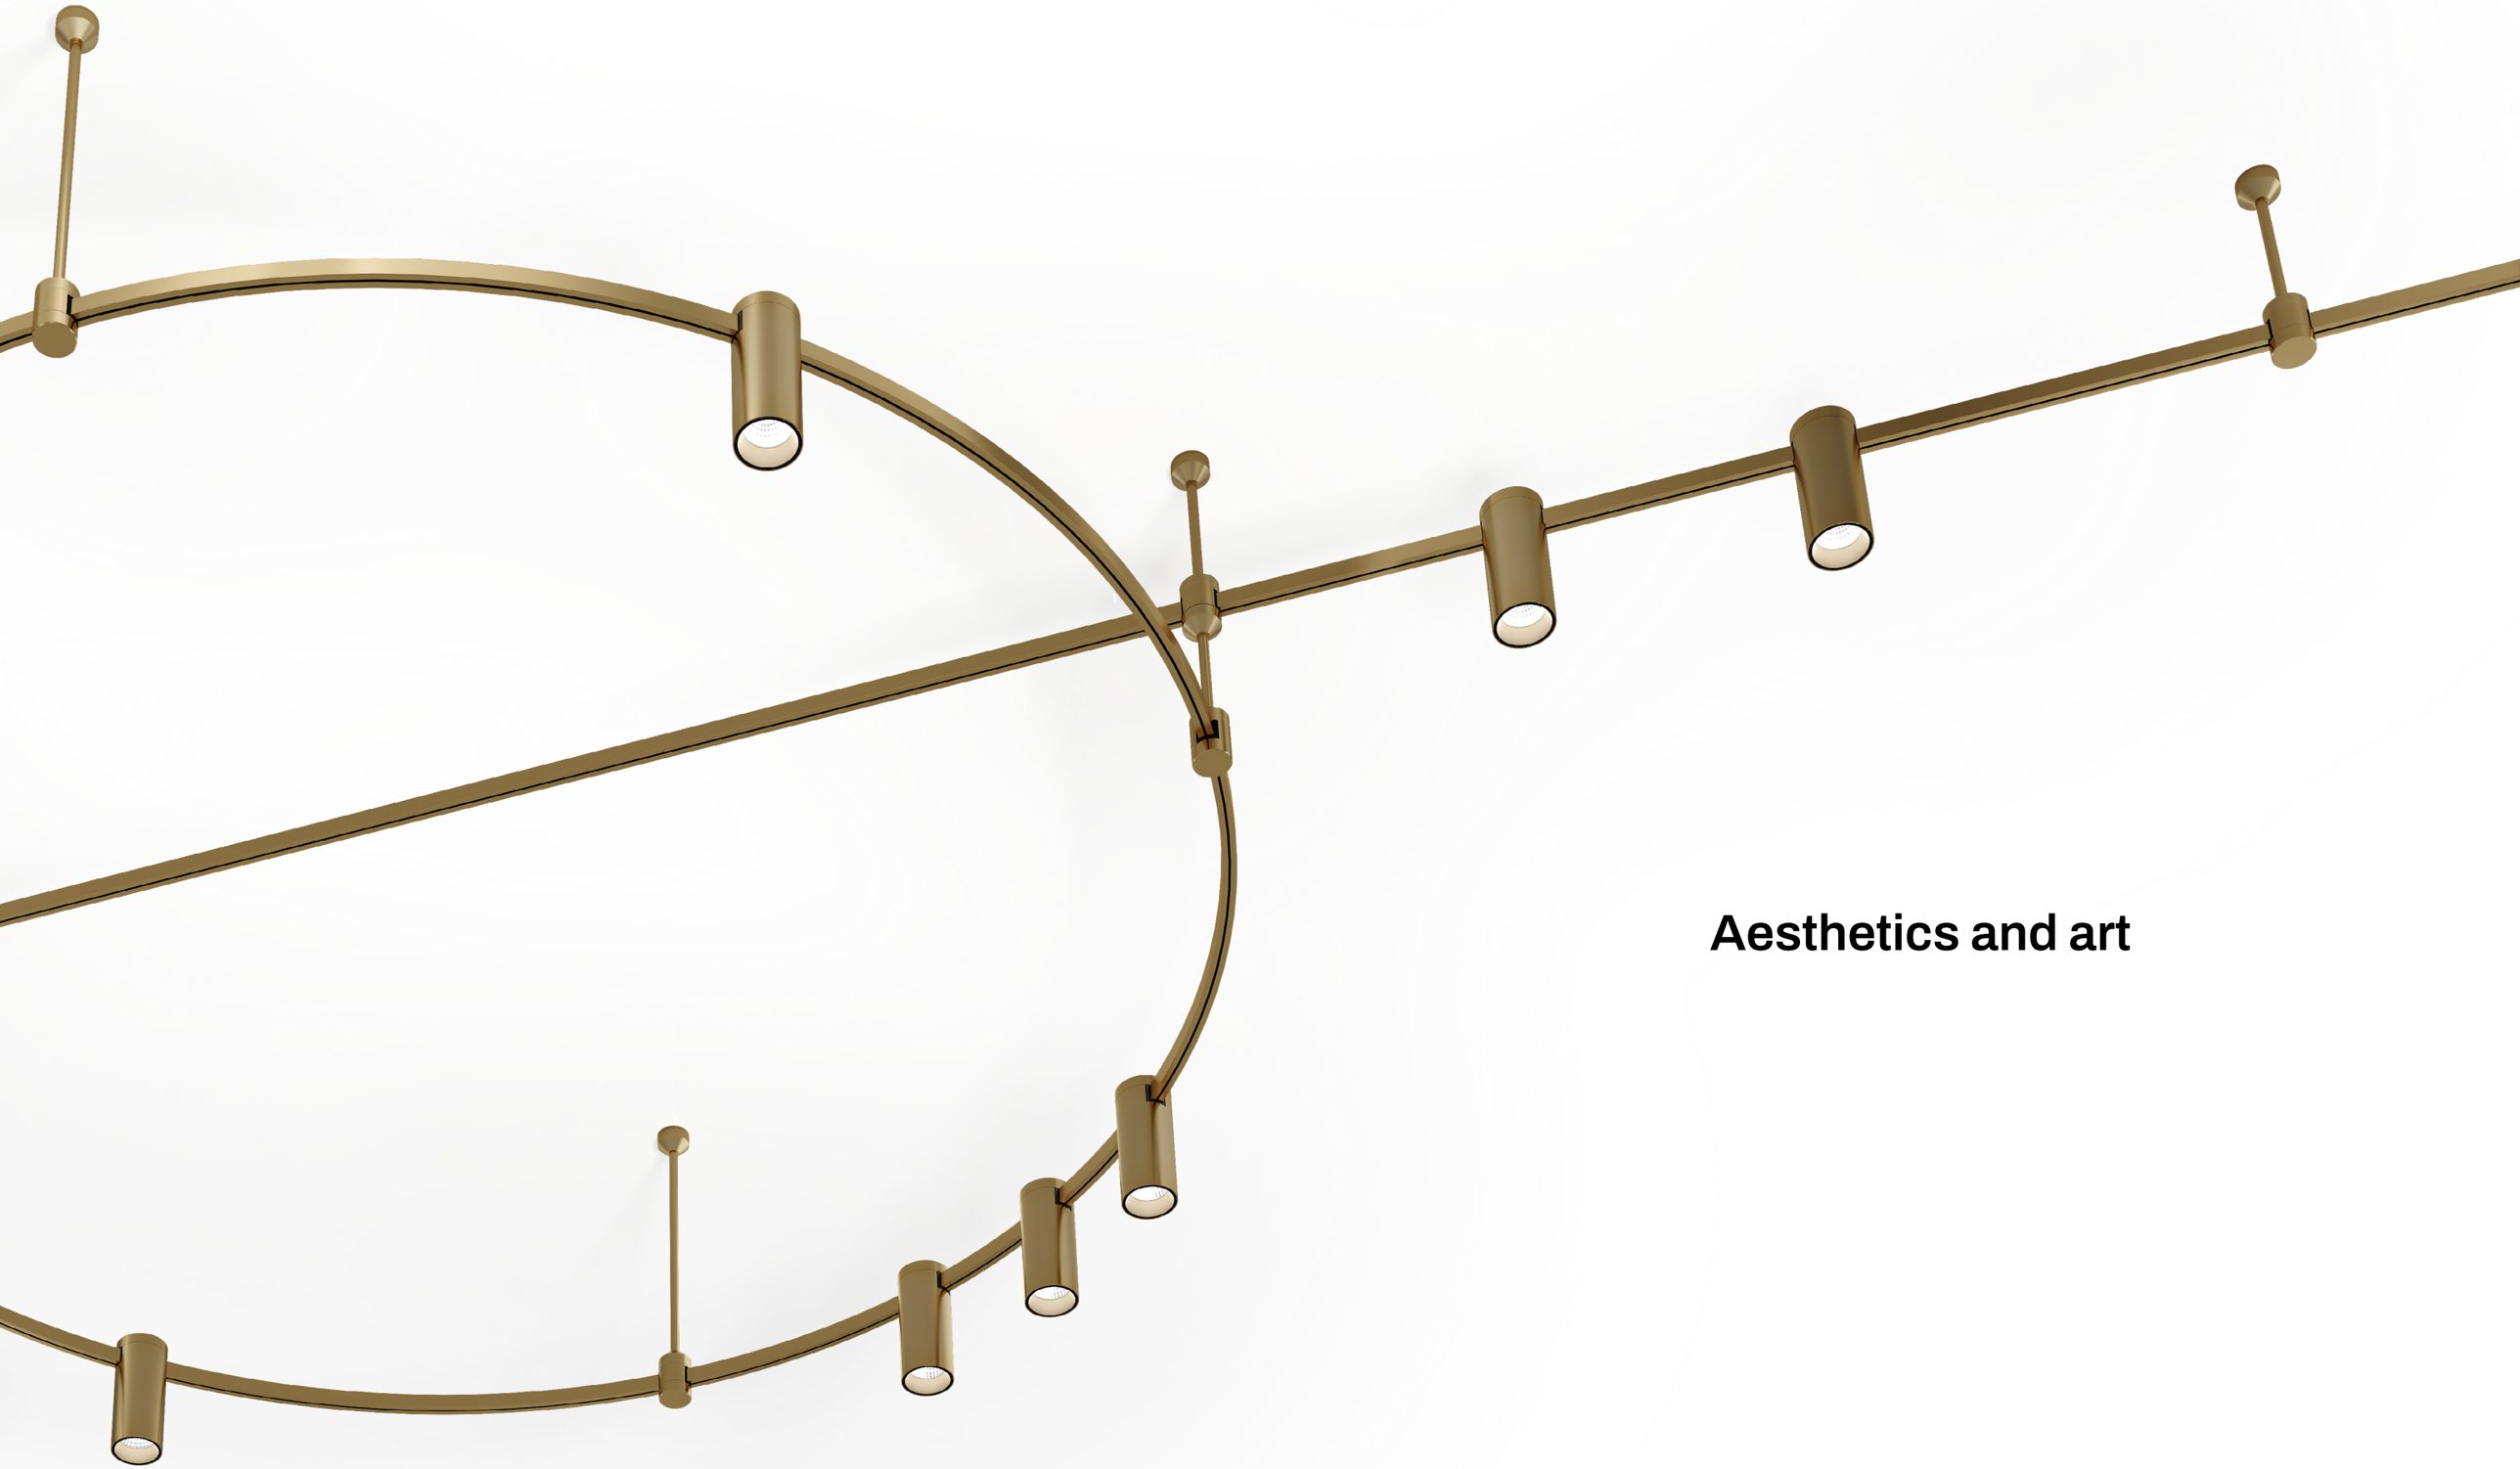

Modular system

A low-voltage lighting system built on a brass track that also carries the current. The lamp heads slide and turn freely along the track, so each light can be placed and aimed exactly where it is needed. The system connects to smart control systems and suits every kind of interior.

Aesthetics and art

Style match

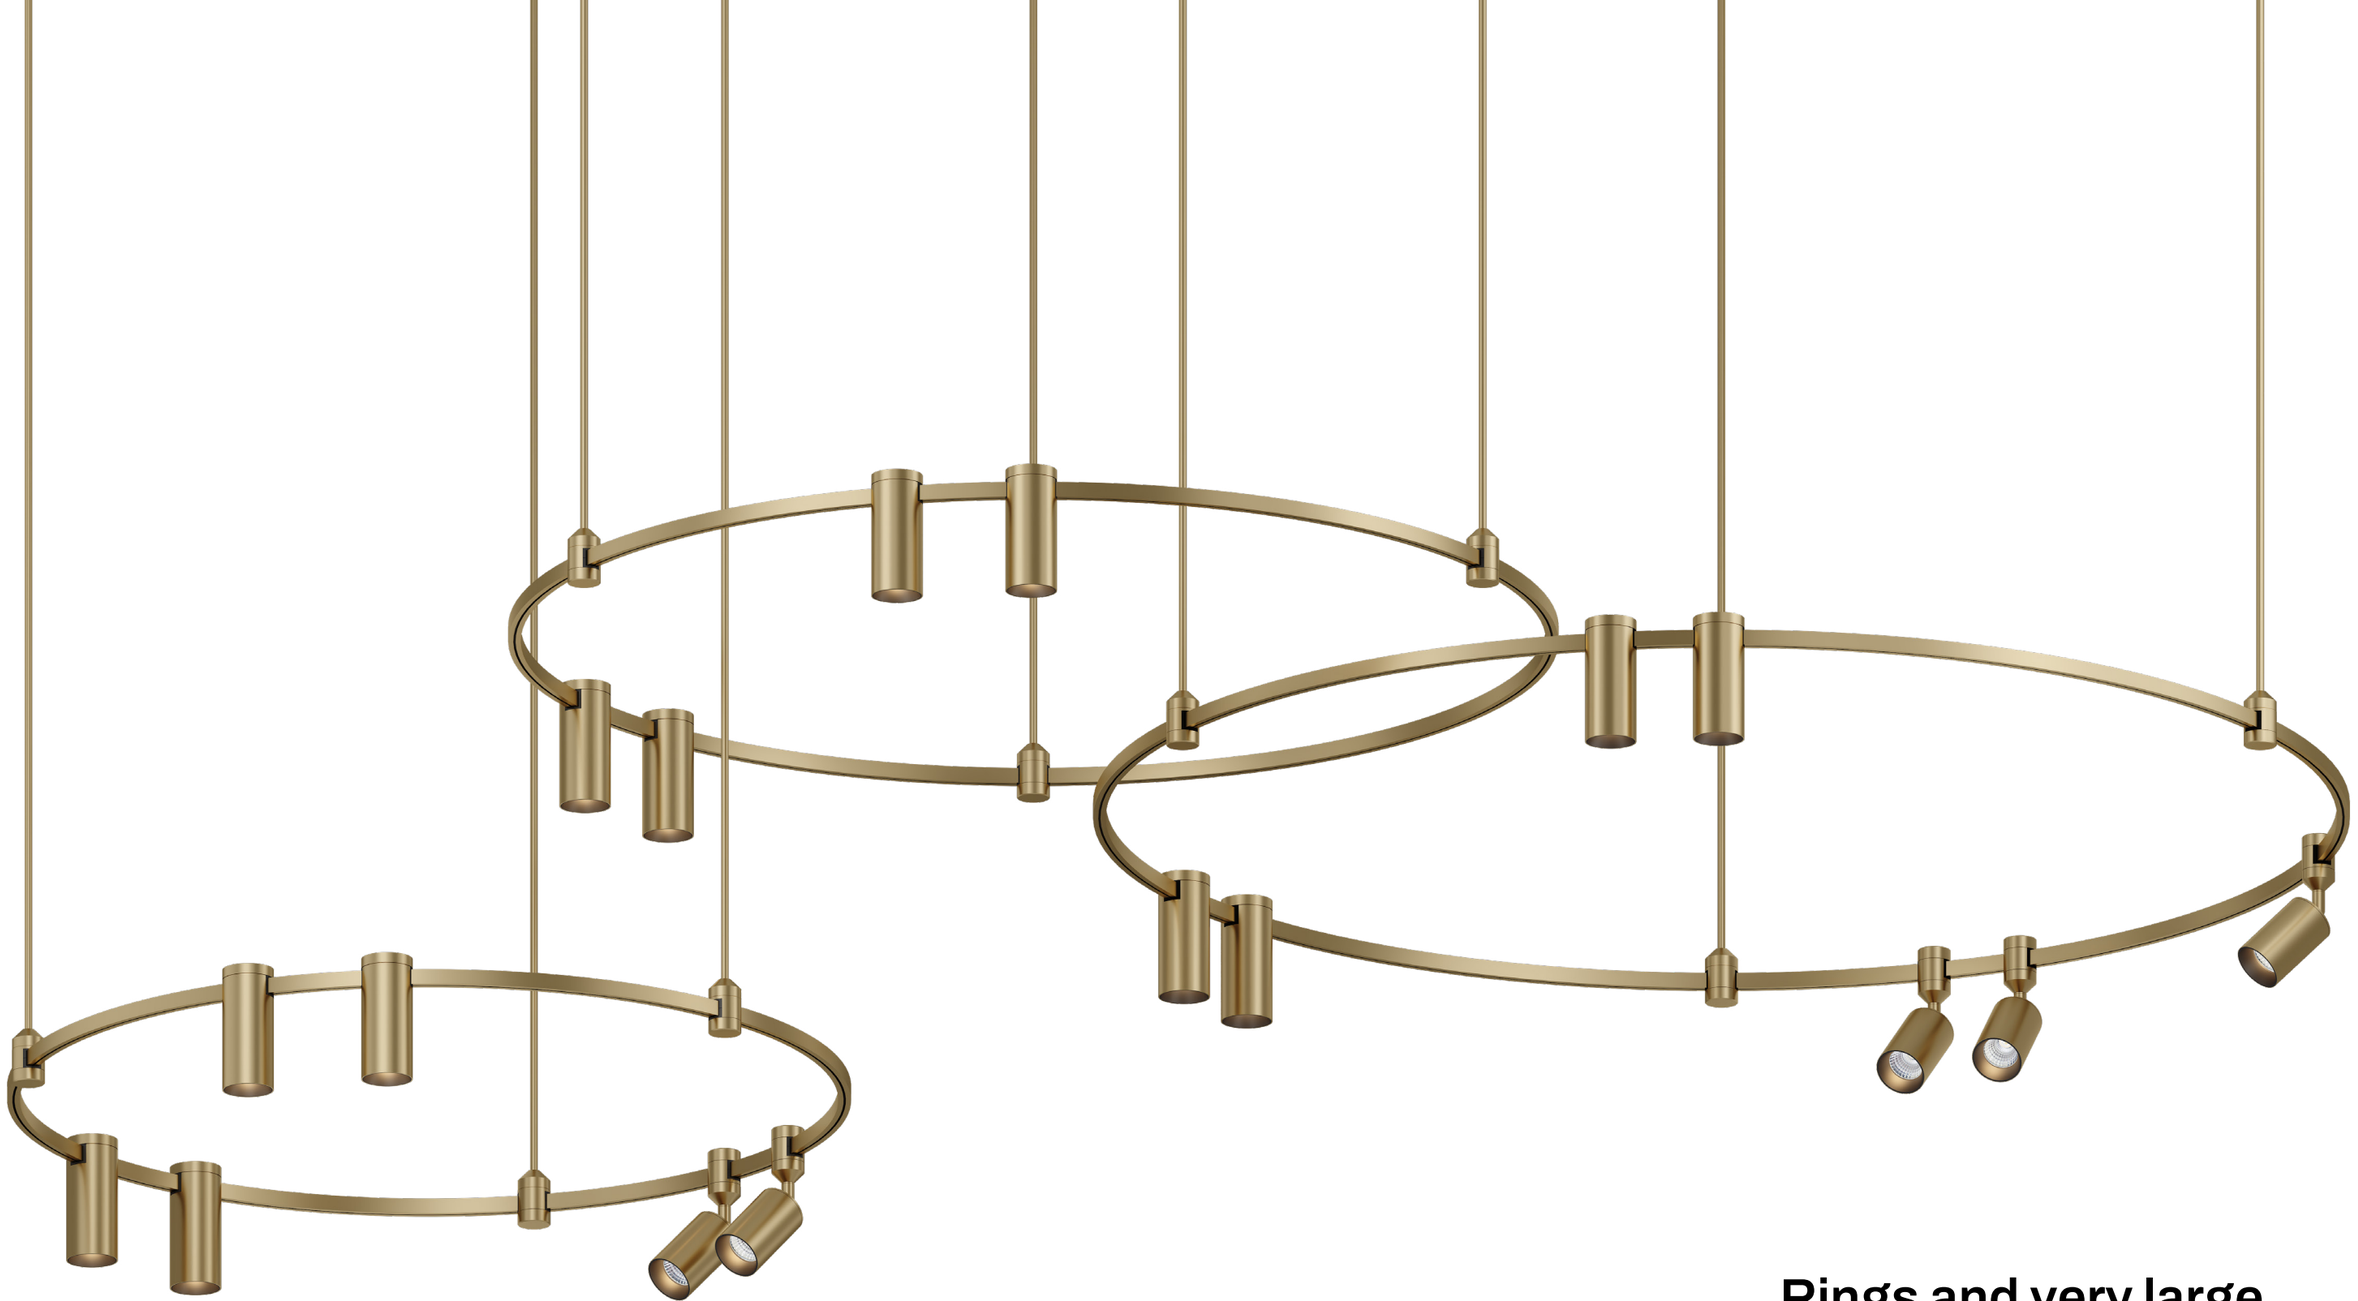

Quality and technology

Brass

Rings and very large rings

Stock diameters: 880, 1200, 1500 and 1800 mm. Other diameters are made to order.
