# MAGGY 36

Linear system

CE made in Italy

design Lapo Grassellini

The Maggy linear system allows for the creation of 36mm-wide trimless slots, equipped with various types of light modules secured to the structure by magnets. The lateral slots along the channel allow the fixtures to be positioned anywhere along its length, making it possible to adjust their placement at any time.

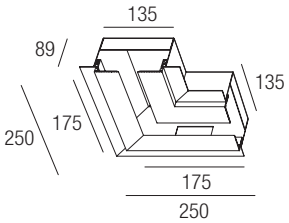

Il sistema lineare Maggy permette la realizzazione di tagli trimless di larghezza 36mm, equipaggiabili con moduli luminosi di varie tipologie fissati alla struttura tramite magneti. Le asole laterali presenti sul canale consentono di posizionare gli apparecchi in qualsiasi punto, variandone la posizione in ogni momento.

Le système linéaire Maggy permet de réaliser des ouvertures trimless de 36 mm de largeur, pouvant accueillir différents types de modules lumineux fixés à la structure par des aimants. Les fentes latérales intégrées au profilé permettent de positionner les luminaires librement sur toute sa longueur et de modifier leur emplacement à tout moment.

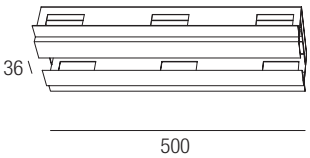

Das lineare Maggy-System ermöglicht die Realisierung von 36 mm breiten Trimless-Lichtkanälen, die mit verschiedenen Arten von Lichtmodulen ausgestattet werden können. Diese werden mithilfe von Magneten an der Struktur befestigt. Die seitlichen Langlöcher im Profil ermöglichen eine flexible Positionierung der Leuchten an jeder beliebigen Stelle, sodass ihre Position jederzeit verändert werden kann.

El sistema lineal Maggy permite crear ranuras trimless de 36 mm de ancho, equipadas con módulos de iluminación de diferentes tipologías que se fijan a la estructura mediante imanes. Las ranuras laterales del perfil permiten colocar las luminarias en cualquier punto y modificar su posición en cualquier momento.

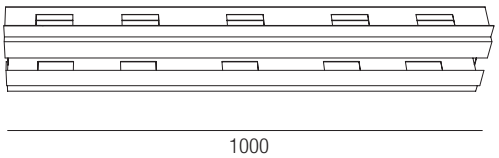

## Modules

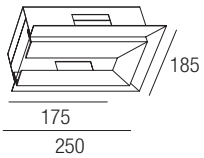

**MG36-L01**
L-module

**MG36-ST50**
Straight module 50cm

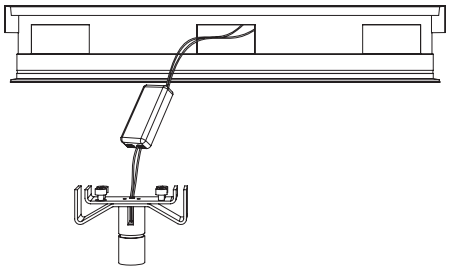

**MG36-ST100**
Straight module 100cm

**MG36-C01**
End-module

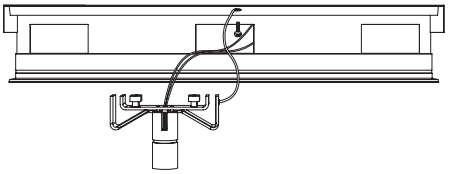

## Lighting modules fixing

1

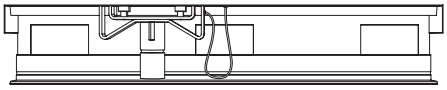

Wire the product and pass the power supply through the side holes of the duct.

2

Fix the fall protection cable to the structure.

3

Insert the fixture into the structure and position it as required. The fixture is secured magnetically.

## Lighting modules

LEONARD 36

Adjustable module for Maggy 36
5W - 250mA

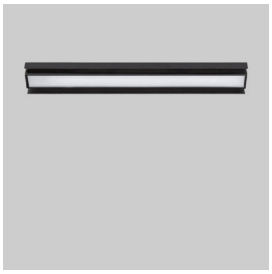

DAVID 36

Fixed module for Maggy 36
10W - 250mA

PRINCE 36

Adjustable module for Maggy 36
10W - 250mA

BEN 36

Linear module for Maggy 36
15W - 24VDC
